Dear Resident:

The Borough of Mount Ephraim has been getting numerous complaints from our recycling facility because of items included in the recycling stream that are not recyclable. These items are causing problems with the facility's machinery and they will start rejecting our trucks if the situation is not corrected. Effective November 26, we will be monitoring all recycling and it will not be collected if it includes items that are not recyclable. The following items **ARE NOT** recyclable:

PLASTIC BAGS, FOOD WASTE, TRASH, GREASY PIZZA BOXES, BATTERIES

The only items that are recyclable are paper and clean cardboard, plastic bottles/jars, glass bottles/jars and aluminum containers. Pizza boxes with food residue ARE NOT recyclable and need to put out with trash. Plastic, glass and aluminum containers are to be rinsed out so there is no food residue prior to being put out for recycling.
