Article III – Dumpsters and Storage Pods

§ 354-20 Intent.

It is the legislative intent of the Borough Commissioners of the Borough of Mount Ephraim, County of Camden and State of New Jersey, to prohibit unattended dumpsters, waste or other refuse containers without the consent of the appropriate governmental authority within the Borough of Mount Ephraim, County of Camden and State of New Jersey.

§ 354-21 Definitions.

For the purpose of this section, a roll-off dumpster or roll-off container shall be defined as a container used on a temporary basis for the disposal of waste or refuse (hereinafter referred to as debris) generated by the construction, reconstruction and/or rehabilitation of a structure within the Borough of Mount Ephraim. Dumpsters used for other purposes, including but not limited to food waste, general commercial waste, building debris from other sites and so on, are governed by the Borough Development Ordinance.

§ 354-22 Parking on highways and public property.

No person shall park or leave unattended any waste or refuse container, commonly known as a "roll-off dumpster" or "roll-off container," on or along any public highway or right-of-way or on public property or private property, without first obtaining permits from the Building and Housing Department in the amount of \$25 for the first month and \$50 for each additional month thereafter. Consent shall be valid and remain in effect for a period of not more than 30 days but may be renewed by the Construction Official after appropriate application and approval.

§ 354-23 Warning panels.

To warn the operators of vehicles of the presence of a traffic hazard requiring the exercise of unusual care, any roll-off dumpster or roll-off container parked on or along any public highway or right-of-way or public property shall be equipped with and display markers consisting of all-yellow reflective diamond-shaped panels having a minimum size of 18 inches by 18 inches. These panels shall be mounted to the edge of the dumpster or container at both ends nearest the path of oncoming traffic. These markers shall have a minimum mounting height of three feet from the bottom of the panels to the surface of the roadway.

§ 354-24 Source of debris.

The debris to be placed in a roll-off dumpster or container shall be only the waste or refuse generated by construction, reconstruction and/or rehabilitation of structure(s) at the property site for which the application is submitted and approved.

§ 354-25 Restrictions for private property.

Roll-off dumpsters or containers may be placed on private property only for the purpose of disposal of building construction, reconstruction and/or rehabilitation debris from structures located on said private property. A permit is required for private property placement of a roll-off dumpster.

§ 354-26 Requirements for removal when full.

No roll-off dumpster or container shall be overfilled with debris whereby the contents exceed the top of the container. Any full container shall be removed within two business days of becoming full, unless for the purposes of the health, safety and welfare of the community an earlier removal is warranted as determined by the Construction Official.

***NOTE: Approved permits must be maintained and displayed at the site location while**
